Press Release

October 25, 2012
Nuclear Regulation Authority

Regarding a Hearing from the Licensee (TEPCO) on the Items Required for Measures relating to Fukushima Dai-ichi NPS

The hearing from the licensee regarding the aforementioned title will be held as follows.

The Nuclear Regulation Authority recorded the contents of the discussion relating to regulation between the licensee and the NRA in the past, and also disclosed the summary of the meetings in the past, etc.

Regarding the “items required for measures”, the NRA commission has been discussing these items, and accepting comments and proposals from the public, and holding meetings to explain the issues to local governments, and holding hearings from experts. Therefore, we consider the hearing from the licensee this time particularly needs transparency, and decided to release it to the public.

Details:
Date & Time: 16:00 - 17:00, Thursday, November 1
